Prophecy

Walking down Broadway, New York, is the world's greatest comedian, Wayne Seamon. He has made a fortune just telling funny stories and making the world laugh.

In the office of the world's largest newspaper is the managing editor, Henry Crotts. "Day By Day With Vernell Cheek" is a column which is written by Sarah Ruth Dainel, considered the world's greatest newspaper writer.

Over in Radio City the broadcast of the gossip is going on. That rapid fire talker with the musical voice of the air is Odell Vickers. It is said that he gets \$3,000 a night for his broadcast.

Are you wanting a place to eat? Why not try the little cafe just around the corner. A good fish dinner for \$5.00, or a hamburger sandwich for \$1.25. No wonder Margaret Bivins gave up the title of the world's welter weight to go in for feeding people at those prices. Why at the hot cake stand back in the old home town, Frances McDaniel will sell you a sizzling hot hamburger for five cents.

The medal of award for distinguished service is to be awarded, we hear, to Ocena Ellenburg. That little bundle of brains discovered a way to extract energy from a snowflake and make enough electric current to make the water flow uphill at Niagara Falls. Will wonders never cease?

A new school of learning has just been established on top of Pike's Peak. Everyone gets high grades and there are no failures. Students find much pleasure in studying at this school. The president of the college is Helen Shore. Janet Eaton is teaching music there.

A motorless automobile has just been invented. Two brilliant scientists have the patent. Patent number N-U-T-S has been issued to Helen Grubb and Louise Nichols. Well, one can never tell what people will amount to.

A wingless airplane will put in operations across the Pacific shortly. Promoters of the company which will manufacture the plane are listed as Mildred Chappell, Jean DeWeese, and Claytie Hoover.

An advertisement in the Cooleemee Journal says that you can buy cellophane suits made to order at the Helen Cook's Cello-Suit Company on Ephesus Boulevard. The suits are popular, saves washing and cleaning bills. They sell for \$17.98 and last a lifetime.

The largest ranch in the world is said to be located in an undiscovered mountain ranges of Utah. On the ranch the largest seedless, juiceless, peelingless oranges in the world are grown. 9,135½ car loads were shipped out last week.

Prophecy

The owners of the ranch are H .A. Wyrick and Pauline Carter. They made their money to buy the ranch by selling peanuts on the street of a mid-western city at a penny a sack.

A cruise of the world is being organized. One thousand people are expected to go, leaving Miami, Florida at three-thirty next Wednesday morning. In charge of the cruise will be Ray Carter and Junior Sechrest. Distinguished passengers on the list include the names of Messrs. Margie Cannup, Mary E. Everhardt, Mildred Nail, and Faye Sain.

SCENE: The leading city at the South Pole. There is a big celebration. They have just elected a mayor. How Mayor Frank Tatum can take it! And there's his wife, our old friend Ethel Spry. My, she seems proud of the mayor.

SCENE: A night club on Broadway in New York. That head waiter looks familiar. What do you know about it? There's my old friend Cecil Berrier. That couple he is showing to a table looks much like Oleta Mayberry, who used to go to Cooleemee High school. That must be her husband the Duke of Needmore. I just found out that Marvin Spry is the owner of this club. Wilma Campbell is a dancer and Loudetta Broadway sings there.

SCENE: An automobile of a foreign make is driving up to a service station. Those courteous attendants of the service station are none other than Reba Saunders and Jean Hilliard. The driver of the car is Eddie Freeman. He certainly made his millions when he struck the rich deposits of radium in the Rocky Mountains.

SCENE: An exclusive fashion shop in Chicago. Madame Babe Scott is the owner and active manager. That cute looking stylist who shows off all the latest Paris creations is Mary Tom Spry.

SCENE: A meeting of the President's Cabinet in Washington. When we knew Gray Everhart as a boy, no one would ever have guessed that one day he would be the Secretary of the Treasury. Look at him now, with his top hat and cane, sitting there with all the big statesmen. Well, maybe there is a chance for all of us!

SCENE: A late afternoon in a tropical city. The owner of a large banana plantation sits on her porch. That face looks familiar. We used to know her as Anne Young.

SCENE: A fashionable beach resort. An afternoon tea is in progress. The hostess for the afternoon is Mot Gales, who is entertaining at her million dollar home. It seems that she married a rich old sucker and he died and left her his fortune. Can she spend it?

History of

The entire world has been startled by the astounding facts brought to light concerning the past life of some seniors. Whether our facts of Cooleemee High will startle you or not, we do hope that they will interest you.

It seems that four years ago, 1941 to be exact, on a certain September morning a number of dark forms were observed sneaking in the direction of the High School. Their caps were pulled low on their brows and witnesses testify that the sneakers very plainly hoped to pass unobserved. But the evidence collected proves beyond doubt that the most timid ones were Wayne Seamon, Frances McDaniel, and Cecil Berrier. Poor things! No wonder they were bathed in bashfulness. It was their first day as Freshmen.

I

The new army of recruits arrived at the trench in good order. They were a little "green", timid, and nervous, but in good spirits. After all, there were eighty-four of us and we felt very confident that we could take care of ourselves in case of some drastic situation. We soon became accustomed to High School life and settled down to try and start a successful High School career. We were under the leadership of Miss Marjorie Moseley and Mrs. Esther Hawkins, who never failed us when help was needed.

II

Our next step was our Sophomore year. Since we had been so "green" the year before we were determined not to let anyone pull anything over on us. We thought we knew the game so we settled down in a hurry. The girls were placed in Miss Inez Hubbard's room, and the boys in Mr. P. W. Donnelly's. These, too, proved faithful and helpful teachers. This year Helen Cook, Mary L. Gales, Oleta Mayberry, and Jean DeWeese made the first basketball team. Mrs. Jim Benson was our coach.

Senior Class of 1945

III

In the fall of 1943 we became Juniors. We could truly be classified as Jolly Juniors. Why not? We took a very active part in the activities of the school that year. Again, Helen Cook, Mary L. Gales, Oleta Mayberry, and Jean DeWeese made the first basketball, and also Margie Cannupp, Grace Osborne, and Helen Grubb, Marvin Spry and Frank Tatum made the boys' first team. Mr. P. W. Donnelly coached both teams. Then, too, we had the Junior-Senior banquet to look forward to, and also the selection of our class rings. This year was a merry one. We elected Frank Tatum, president; Grady Spry, vice-president; and Mildred Nail, secretary and treasurer. These were mighty fine officers, and they with the help of Miss Sarah Sherrill and Mr. James Wall guided and led us throughout the year.

IV

We have reached our goal, at last we are seniors! It is only now that we fully realize what a splendid school Cooleemee High is and just how much it has done for us, but we shall never forget. We shall always be grateful to Mr. G. E. Smith and Mr. G. R. Madison, who were our principals during our time in Cooleemee High, and also to our many teachers. We sincerely appreciate all instruction and cooperation given to us by Mrs. W. J. Moody, our senior teacher.

During the four years of High School that we have lived on this campus we have striven to build up our school, our class, and ourselves. We feel that we have gained much strength from the school and that we have given a small return; but we believe that the greatest thing that we can do for our school is to stand up for it after we leave its strengthening but sheltering walls, and be proud to remember that we were part of it.

Jean DeWeese
Class Historian.

Poem

CLASS OF FORTY-FIVE

Strive On! Strive On! Oh Senior Class of forty-five,
To the land of gold and fame,
Cheered by all the memories fond and dear,
Of all thy many friends far and near.
May no vestige of dishonor
Stain our pages of tomorrow.
Although hardships oft beset our paths,
Always remember our dear old Senior Class.

Strive On! Strive On! Oh Senior Class of forty-five,
Where triumph knows no bound.
Strive On! Glorious band of chosen few,
Where courage and honor are always found.
Reach out to God's mysterious goal
Though seas of discouragement before thee roll.
Strive On! Dear Seniors, by His eternal hand
With faith in God and faith in man.

HELEN GRUBB.

School Year

The 1944-45 school year opened late in September with Mr. G. R. Madison as principal. Mr. Madison has now been with us for two years.

There were several new faces around Cooleemee High School. Although Mr. Madison has been with us for two years, Mrs. Madison had never taught us until this year. Mrs. Madison is our commercial teacher and has in her room the ninth grade girls. Miss Anthony, Home Economics Teacher, came to Cooleemee from Virginia and has her room filled with the junior girls. Mrs. Moody, English teacher came from Reidsville, N. C. and has in her room the senior boys and girls. Mrs. Bost has charge of the ninth grade boys and Mr. Donnelly's homeroom is made up of the junior boys.

The first few days of school was quite gay for the students, but everyone soon settled down to hard work.

Shortly after school opened, the students began thinking about clubs and other extra-curricular activities. Before long there were three clubs organized. They were: Glee Club, Home Economics Club, and Music Club.

The Glee Club under the direction of Miss Helen Daniels was organized and the members were soon busy learning new songs. The music club, also under the supervision of Miss Daniels, elected the following officers: President, Mary Shepherd; vice president Frank Tatum; secretary, Janet Eaton; treasurer, Modene Foster.

The Home Economics Club consists of the pupils taking Home Economics and was supervised by Miss Anthony.

Another extra-curricular activity was the school newspaper. It was published once every month and the staff included: Cecil Berrier, Jean DeWeese, Marvin Spry, Grady Spry, Ethel Spry, Mary Louise Gales, Frank Tatum, Wilma Campbell, and Jean Hilliard.

In Retrospect

Publication of the annual also played an important part in the minds of the students, especially the seniors. The staff included: Marvin Spry, Ethel Spry, Grady Spry, Helen Grubb, John Wagner, Jean Hilliard, and Mary Louise Galcs.

The basketball teams were organized early in December and Frank Tatum and Jean DeWeese were elected captains of the boys' and girls' team. Both teams were coached by Mr. J. W. Donnelly. An excellent schedule of games were arranged and the teams are doing nice work.

In order to give the students in school a greater responsibility in treating problems at school, a Student Council was set up in January. Each student had certain responsibilities and jobs to do.

We are planning to have a senior play later in the year, and expect it to be a great success.

The Junior-Senior Banquet will be given in April and the Juniors are working very hard to give the Seniors a very nice Banquet.

The Seniors are all looking forward to commencement. Some will be going to college, some will go immediately to work, and others will join the armed forces of our country.

The seniors will be very happy and proud that they have finished High School and the greatest thrill of all will be receiving their diploma for which each member has worked eleven years. Although they are proud of their success, they will also be sad about leaving Cooleemee High School, knowing that they will never enter into school life at Cocolceme any more.
